\* \$3.50 per \$1,000 of taxable inventory is *minimum* required by law in addition to per capita tax and salaries of district officers.

\*\* \$5.00 per \$1,000 of equalized valuation must be raised for elementary schools to qualify for State aid. The net assignment must contain this amount in addition to funds raised for high school maintenance and other statutory requirements.

## SUPERINTENDENT'S REPORT

---

I herewith submit my ninth annual report as Superintendent of Schools.

The work has gone forward with good results since my last report. The same faithful, competent teachers are directing the work under good conditions. We have a fine group of boys and girls who are doing well and moving on to larger things in High School. We still hope that more of the older students will seek education in colleges and normal schools.

### SCHOOL PROPERTY

The school building is in good condition. A fine bookcase was built last summer and more equipment has been added to the Manual Training Department. Good use is made of the bit of playground we have, but we need additional space and more playground equipment. Play is one of the very important factors in child development and opportunity should not be denied.

### HEALTH WORK

This work goes on under the care of Miss Helen H. Nichols. The dental clinic has come to be a regular activity every spring, and good work has been done. Freedom does well to look after the physical welfare of its boys and girls. Fine work has been done this winter in serving warm lunch to pupils who bring their dinners. Appreciation is hereby expressed to the Freedom Woman's Club for helping in this good work. Some of the boys and girls have shown marked improvement as a result of this warm lunch. The serving of the lunch gives older pupils a training in such activities.

In connection with this report, parents are reminded that children must be vaccinated before entering school. This should be done early in the summer so

that boys and girls will be ready for school attendance when it opens in September.

I wish to express appreciation of the volunteer work of Mrs. Olin Swett in helping the school girls with sewing. Mrs. Swett is trained for this work and brings much that is helpful to the girls.

The new plan in handling the social studies is meeting approval. By new textbooks and visual aids an effort is being made to show more vividly how the present came from the past. Lessons may then be drawn regarding developments of the future from the present.

### ATTENDANCE

For the year ending June 30, 1935, we had an average attendance of 47, an average membership of 49.6 per cent of attendance of 94.6.

### GRADUATES

Last June we graduated a class of six from the Grammar School: Louise Brooks, Arlene Brooks, Dorothy Frame, Audrey Nicholson, Robert Sullivan and Leonard Williams.

### HIGH SCHOOL ATTENDANCE

Robert Mitchell, Parsonsfield Seminary  
Ruth Doherty, Parsonsfield Seminary  
Lester Cole, Parsonsfield Seminary  
Leonard Williams, Parsonsfield Seminary  
Carroll Milliken, Kennett High School  
Helen Giles, Madison High School

**REPORT OF SCHOOL NURSE, 1935-1936**

---

To the Townspeople of Freedom:

The physical condition of the school children seems better this year than ever before.

Our yearly dental clinic is SO important!

But all children could not be seen and cared for because of lack of funds. There were two children who, with Government money had their tonsils and adenoids removed. Also some of the Government money cared for some of the dental work. In all, \$113.50 was spent on corrective work.

Can we raise more money this year for corrective work? We will need it as there will be no Government money.

After all, what is more important than keeping our future citizens physically fit!

Respectfully submitted

HELEN NICHOLS

School Nurse
